

EQUALIZER R>

PROUDLY AUSTRALIAN MADE & OWNED

Proudly Australian-made for Australian conditions.
Equalizer RV utilizes the structural integrity of Great Aussie Caravans,
backed by over 10 years of manufacturing experience.
We support local jobs and use premium materials
to build caravans you can trust.

POLYTECH

100% Timber-Free PVC Frame Construction

Built with advanced PolyTech PVC framing & fully lined PVC walls

100% waterproof with no swelling, warping, or rot

Consistent panel weight ensures strength, durability, & predictable towing

Built to last for Australian Conditions

Fire-retardant, anti-fungal, UV-treated, & environmentally friendly

REBEL

CRUZER

ROGUE

REBEL

The Rebel is built for those who leave the pavement behind.
Featuring a fully articulating coupling for steady towing on harsh terrain,
it's designed to handle Australia's wildest tracks. Stop waiting and
start exploring untouched landscapes with a caravan as daring as your journey.

ELECTRICAL

Solar/Battery: 200W solar panel and a 100Ah high-discharge Lithium battery.

System: Projecta PM300 battery management system and a rear-view camera.

Bonus Lighting: Anti-dazzle LED strip lighting around the caravan underbody.

CHASSIS

Strong Foundation: Built with Australian RHS steel (Supagal chassis) for durability and rust protection.

Off-Road Frame: Features a 6" drawbar, 4" chassis, and a 2" chassis raiser for extra ground clearance.

Superior Towing: Equipped with a DO35 fully articulating coupling, which allows the van to move independently of the car on rough terrain.

Heavy Duty Protection: Includes a 3-arm rear bumper bar, stone-deflecting mud flaps, and an extended A-frame (30cm).

Tires & Brakes: Mud Terrain tires on load-rated alloys with 10" or 12" drum brakes.

Storage: A dedicated small front toolbox for quick-access gear.

APPLIANCES

Climate: Dometic reverse cycle air conditioning.

Kitchen: Massive 224L 3-way fridge/freezer, microwave and a gas/electric stove with a grill.

Entertainment: 24" Smart TV, Winegard antenna, and Bluetooth audio with outdoor speakers.

Laundry: 3.5kg front-loader washing machine (standard in most layouts).

PLUMBING

Water Storage: 190L fresh water (2 x 95L tanks) plus a 95L grey water tank for self-contained camping.

Hot Water: Gas/electric rapid hot water system.

Bathroom: Ceramic inlay cassette toilet and full-sized shower facilities.

INTERIOR & EXTERIOR

Construction: Hail-resistant aluminum composite walls and a one-piece fiberglass roof.

Interior Styling: Stylish "waterfall" benchtop, CNC-cut cabinetry and soft-close drawers.

Bedding: 6'2" deluxe pillow-top mattress with bedside USB/power nooks.

Outdoor Living: Roll-out awning, picnic table with LED lights, and an external gas bayonet for BBQs.

CRUZER

The Rebel is built for those who leave the pavement behind.
Featuring a fully articulating coupling for steady towing on harsh terrain,
it's designed to handle Australia's wildest tracks. Stop waiting and
start exploring untouched landscapes with a caravan as daring as your journey.

ELECTRICAL

Off-Grid Ready: Equipped with a 100Ah Lithium battery and a 200W solar panel

Management: Includes a Projecta battery management system to keep power running smoothly.

Lighting: Full LED lighting inside and out, including reading lights with USB ports.

Safety: Comes with a rear-view camera and electronic stability features.

CHASSIS

Solid Foundation: Built on a strong Australian steel chassis (Supagal) with a 6" drawbar.

Suspension & Wheels: Reliable leaf spring suspension with all-terrain tires on alloy wheels.

Construction: Aluminum composite outer walls with a one-piece fiberglass roof and floor for durability.

Protection: High checker plate sides and stone guards to protect against road debris.

APPLIANCES

Climate Control: Reverse cycle air-conditioner (heating and cooling).

Kitchen: 188L fridge/freezer (3-way), microwave, and a stove with gas/electric burners and a grill.

Entertainment: 24" Smart TV, Bluetooth sound system with indoor/outdoor speakers, and a TV antenna.

Laundry: Front loader washing machine (3.5kg) included in most models (except the 17' version).

PLUMBING

Water Capacity: Two 95L fresh water tanks (190L total) with a digital level display.

Gas: Two 9kg gas bottles held securely on the front.

Amenities: Gas/Electric hot water system, ceramic cassette toilet and an external tap on the A-frame.

INTERIOR & EXTERIOR

Sleeping: Deluxe pillow-top mattress (6'2" length) with bedside nooks containing power outlets.

Living Area: Comfortable lounge seating with premium upholstery and large double-glazed windows with blinds/screens.

Storage: Soft-close drawers, pull-out pantries (depending on layout) and stylish cabinetry.

Outdoor Living: Roll-out awning, picnic table with LED lights, and a gas bayonet for your BBQ.

Storage: Full-length tunnel boot with lighting and a generator compartment.

Security: Premium 3-point locking door with a security mesh screen.

ROGUE

Experience total independence with the Rogue.

Featuring a powerhouse 600W solar system, 200Ah lithium battery, and a 2000W inverter, you can run essential appliances anywhere the road leads. With massive 285L water capacity and dedicated LED campsite lighting, the Rogue is a sustainable, off-grid sanctuary designed for Australia's most remote national parks.

ELECTRICAL

Powerhouse: 600W of solar power (3 x 200W panels).
Battery: 200Ah high-discharge Lithium battery.
Inverter: 2000W Inverter (run 240V appliances off-grid).
Lighting: Front and rear external LED light bars.

CHASSIS

Suspension: Independent coil spring with twin shock absorbers.

Frame: 6" drawbar with 4" chassis and 4" chassis raiser for maximum clearance.

Towing: DO35 articulating coupling and 50cm A-frame extension.

Storage: Large front toolbox with 2 jerry can holders and generator slide.

APPLIANCES

Fridge: 224L Compressor fridge/freezer (optimized for off-grid use).

Kitchen: Full oven with separate grill and microwave.

Filtration: Dust Reduction System (DRS) for dusty outback tracks.

PLUMBING

Capacity: Massive 285L drinking water (3 x 95L tanks).

Shower: External hot/cold shower in addition to the internal ensuite.

Waste: 95L grey water tank for national park compliance.

INTERIOR & EXTERIOR

Aesthetics: Internal "Black Pack" (black sink, tapware, and hardware).

Quality: Piano-hinged cupboards with gas struts and premium acrylic splash-backs.

Bedding: Deluxe 6'2" innerspring pillow-top mattress.
